The German Marshall Fund of the United States (GMF) is a non-partisan American public policy and grant making institution dedicated to promoting greater cooperation and understanding between the United States and Europe.

GMF does this by supporting individuals and institutions working on transatlantic issues, by convening leaders to discuss the most pressing transatlantic themes, and by examining ways in which transatlantic cooperation can address a variety of global policy challenges. In addition, GMF supports a number of initiatives to strengthen democracies.

Founded in 1972 through a gift from Germany as a permanent memorial to Marshall Plan assistance, GMF maintains a strong presence on both sides of the Atlantic. In addition to its headquarters in Washington, DC, GMF has five offices in Europe: Berlin, Paris, Bratislava, Brussels, Belgrade and Ankara.
